RE: Status of Range Creek Mining Ltd, Range Creek Project, S/015/060, Emery County, Utah

The Division has not been able to contact the operators of this permit since 1991. Will Stokes stated that this lease was canceled in 1991 due to non-payment of fees. With all avenues exhausted it is felt that this permit should be listed as abandoned and removed from the active file.

If this operator should ever apply for a permit through DOGM or SITLA this file should be reviewed. Any action pertaining to the issuance of a new permit should be based on the closure of this permit.
